Never Had It So Good

This 1996-'97 yearbook is dedicated to:

Jan Vaughns

In the heart of the ones who were close,
is where you are missed the most!
Even though you aren't here physically
I know that you are still listening.
I want you to know we all love you.
Only God, me, and you know all
that we've been through
In Heaven where you now dwell,
I know your new life is and always will be well.
I cant help but to wonder why you left so soon.
Your life has just begun and already you have met your doom.
Why? Why, I constantly ask myself but ,talking alone in the dark will not do any help.
Even though our families lived in different cities, Flint-Town and D-Town,
you still stuck with me.
I will never forget how much you've done for me.
I will always love you Jan Vaughns!
Love your little cousin,
"D"

Your Guess is as Good as Mine

A lot has been happening in Academics this year. Mrs. Hoppe's accellerated English class acted out the play, *The Scarlet Letter,* Mr. Duley, and Mrs. Basil have been working on some pretty interesting experiments. The students seemed to enjoy both the acting out of the play and the scientific experiments. On the left Melissa Flores, Veramis Lyons, Nick Wagner, and David Odette are conducting an experiment in Mrs. Basil's class. On the right is Sean Smith, Lynne Langschwager, Karri Schmidt, and Ryan Rogers. Lynne's thoughts about doing the play was that it was fun to work with all of her friends and also be able to have fun with school work. In the picture on the bottom is Christina Serrato, Christy Crowley, Bridgette Kelly, and Clarence Patterson. Christy thought that it gave her an opportunity to understand the hardships they went through like bathing only once a week.

Mr. Hacker's beginning level class make bird houses while his advanced class make model houses, put up drywall, do electrical work and build storage barns which they sell. Mr.Stelmach's class also works on projects starting with paper punches , twist / c-clamps and vice jaw protectors. My Guess is Success

You might ask yourself what is DECA? Well DECA is a marketing club. It helps improve the skills of kids that plan on having a future career in the marketing field. It also helps you prepare for the world of work. DECA teaches students to be responsible and give back to the community. The official emblem is a diamond shaped design wrapped in the center. The wrapped package symbolizes a "job well done." DECA runs the school store, "After Hours." The school store sells many items: food, school supplies, gifts, and clothes. DECA also competes in three competitions yearly. Regionals, States, and Nationals. Congratulations to Mistina Allen, Mistie Guiette and Andrea Sanchez. Their Predictions were as Commendable as Their Work

Five seniors set out to build a small two cycle engine. Shown in the top right hand corner with the engine and the design plans are Waylon Earnesty, Jeremiah Norton, Brian Short, Jon Maciag and Neil Munson. This project took shape by first coming up with a mission and vision statement, which is outlined below. The parts were all made and assembled in Machine Shop III. Below you can see Neil, Brian, Jon and Mr. Laframboise mounting the engine on a chassis. The boys were able to start up the engine and even make the car move. Adjustments were needed to fit the power of the engine with the chassis made. Unfortunately time ran out before the total project was completed. The project came a long way this year. Hats off to those students who took on such a worth while project.

STUDENT'S MISSION STATEMENT

To provide to ourselves and our posterity a foundation for learning manufacturing technology that is based on quality and continuous improvement.

STUDENT'S VISION STATEMENT

Bearcat motor works will manufacture the finest quality, economical, small displacement, single cylinder, two cycle engine in the world.

As Good As Par

Fore!! The '96 Bearcat Golf Team has had a tremendous season. Benjamin Karrow '97 and James Patchett '98 were the top two golfers of the team. Karrow's best score this year was a 76 at the Millington course while Patchett shot a 77 for his best score at Bay Valley. Both Karrow and Patchett commented that, "We started slow but improved a lot at the end." The team didn't win any awards or medals as a whole but Patchett medaled at the Tri-Valley Conference meet and Dennis Wuerfel '98 recieved honorable mention. When asked what they remembered from golf this year Karrow and Patchett said, "We love riding in the Lennie Mobile and Ben will miss his best friend Chester. (It's a B-Port Golf Team thing, you wouldn't understand!)

In '96 -'97, Bearcat Basketball put Bridgeport on the Sports' Map. Finishing an exciting regular season at (20-5), the stingy Bearcats Remained undefeated on their home court. Entering district play, the Cats began a memorable run that saw them eliminate Novel and Pinconning. Corunna became the next victim in regional first round play at CMU, followed by Caro in a grudge rubber match that will long be remembered by Bridgeport fans as the most exciting basketball game in recent memory. The double overtime, come from behind victory not only sealed a regional championship for Bridgeport, but sent a message to everyone who the real TVC champs were. The joyride came to a halt at Ferris State when the Cats ran into a tough Petoskey team in the State quarterfinals.

What a ride ...... thanks guys !

Ready To Dance!!!

Top right & center: Pom-Pon comes up with a fundraiser to raise money for new uniforms. During half-time people paid $1 to shoot from half-court, if they made the shot, they won a prize. This fundraiser was a success because a lot of students and parents participated.

GOOD THINGS COME FROM MULTI-CULTURAL AWARNESS

The Y.M.C.A.(Youth for Multi-Cultural Awarness) was the brain storm of Mr. Danner and four other students after attending a diversity seminar two years ago. Since then every year the club promotes one or two events to help the students understand more about diversity. This year the club started a new tradition called The Game of Life. The Game of Life was a success this year and they hope it will be from now on.

"The Y.M.C.A. is a neat and fun club. The club tries hard to promote an honest communication between students of different ethnic backgrounds."

Keisha Carter-I was so excited, I am still this very day. To know that so many people voted for me to be on the Homecoming Court, Homecoming Queen, and represent B.H.S. is such an honor. I'll never forget that day as long as I live. Being crowned by my friend and last years Queen Zarinah Shaheed made Homecoming a special day!

Steven Rodriguez-I was happy to know that the students felt the way they did because I really didn't think that I was going to win. All I could do was thank God! He says trophies are nice but special events in someones life (memories) last forever.

Megan and Kelly are carrying the French banner in the Homecoming parade.

The French club has been busy this year. They put on a number of activities like a Christmas banquet where everyone exchanged gifts. In the Homecoming parade some of the members carried a banner. At the Homecoming game some of the students put on a face painting booth. The money went to the club's account so they can plan for future field trips. The students put together a volleyball tournament for the whole school to participate in. The club also had a candy sale. The members who are going to France put their profit towards their trip account.

BHS's Black Explorer's Club has had a very different year. After many attempts at throwing the annual Gospel Fest, the club was forced to cancel the event for the 96-97 school year. Also, the fashion show scheduled for April did not make production this year. So, under the leadership of Jerry Autry and the musician Otis Washington, the group formed a gospel choir. In April, they had a lavish dinner; the main attraction being the 1997 Black Explorer's Gospel Choir. The choir was such a success, that they were asked to, and are scheduled to perform at this years commencement. The group will miss its departing Seniors, but Mrs. McAffee is looking forward to a productive year for the 97-98 school year.

Special Events

ARC: transfer of power from one source to another. Although the group was very entertaining at times, they brought us a special message about Substance Abuse.

Honors Breakfast: Honoring those students with a 3.0 or better grade point average and those with Perfect Attendance.

Parent / Student Exchange: Parents went back to school for a day. Some had trouble getting into their lockers but all were expected to participate and follow the schedule of their son/daughter. The switch went well and parents made the adjustment. It was a learning and a remembering experience for all involved.

Donkey Basketball: Administrators, Athletic Association, Staff, and Senior Sport Students formed teams and fun was had by all. After double elimination games, the Burro of Education emerged VICTORIOUS!!
